

BRAND GUIDELINES

Business Name: Saved by Grace

ABOUT THE BRAND

SBG Co. (Saved by Grace Co.) is a lifestyle brand designed for women, kids, and the spaces they call home. We create made-to-order goods that speak to the heart, from graphic tees that spark conversation to custom home decor that tells your story. With deep roots in faith, family and transparency, SBG Co. has grown into a safe and stylish space for customers who want more than just products; they want purpose.

Founded by Whitney Vaughn, SBG Co. started as a personal calling to share God's love through everyday goods. Today, it serves people from all walks of life, offering high-quality and intentional pieces that reflect identity, spark connection and uplift women as they walk in purpose.

TAGLINE SUGGESTIONS

- MADE WITH GRACE. DESIGNED WITH HEART.
- MORE THAN A SHOP. PART OF YOUR STORY.
- FOR YOU, YOUR HOME, YOUR PEOPLE.
- CREATED WITH PURPOSE. ROOTED IN TRUTH.

PALETTE

Overview:

The palette reflects warmth, faith and connection with its grounded neutrals, balanced by refreshing blues for trust and bold corals for energy and conversation. It's versatile enough to appeal across the target market while staying cohesive and purposeful.

PALETTE GUIDELINES

Colour Breakdown:

Main Colours

- These are the anchor shades of the palette that carry the strongest representation of the brand:
- Taupe – a grounded, warm neutral that reflects stability, transparency and approachability.
- Soft Blush – gentle and uplifting, representing femininity, warmth and connection
- Vivid Coral – a bold accent shade that injects energy, conversation and creativity into the brand.
- Charcoal – a strong balancing tone that brings depth, contrast and sophistication.

Supporting Colours

- These shades add softness and versatility, helping to create calm, balanced designs:
- Cream – clean and timeless, ideal for backgrounds or creating breathing space.
- Soft Taupe – complements Taupe as a lighter, more airy neutral.
- Sky Blue – light and refreshing, representing openness and peace.
- Soft Blue – slightly deeper than Sky Blue, offering a sense of trust, calm and balance.
- Muted Coral – a softer counterpart to Vivid Coral.

Colour Usage Guidelines:

Accent Strategy:

- Use Vivid Coral sparingly as a pop of color (buttons, key graphic elements, calls-to-action).
- Let Taupe, Soft Blush, and Cream dominate in backgrounds and larger surfaces.
- Use Charcoal primarily for typography, outlines or grounding elements.

Combinations to Avoid:

Charcoal + Taupe (without lighter balance)

- Issue: Charcoal and Taupe are too close in tone, lacking contrast.
- Accessibility Impact: Text in one over the other fails WCAG standards, making it hard to read for older or low-vision users.
- Fix: Add a light neutral (Cream or Soft Taupe) as a buffer.

Sky Blue + Soft Blue (without warmth)

- Issue: Sky and Soft Blue are too similar, creating a washed-out look.
- Accessibility Impact: Low contrast, especially for blue-yellow color blindness, and a “cold” feel against the brand’s warmth.
- Fix: Ground with a warm tone (Blush, Taupe, or Cream) for balance and contrast.

Accessibility Tips:

Text Colors:

- Reserve Charcoal for main body text (best legibility across all backgrounds).
- Avoid using Taupe or Soft Blush as text unless on a very light background.

Contrast Ratios:

- For key calls-to-action, pair Vivid Coral (foreground) with Cream (background) or Charcoal (foreground) on Muted Coral (background).

Hierarchy:

- Use strong contrasts (Charcoal, Vivid Coral) for headlines or calls-to-action
- Use softer tones (Taupe, Soft Blush, Soft Blue) for backgrounds or accents.

This way, the palette not only looks cohesive but also ensures that all audiences, including those with low vision or color blindness, can read, navigate, and connect with SBG Co.’s messaging.

TYPOGRAPHY

Colour Breakdown:

Wingman (Logo Font)

Gentle yet bold, Wingman provides the perfect balance of warmth and strength. As the primary logo font, it carries authority while maintaining approachability; reflecting SBG Co.'s identity as both faith-led and community-centred.

Prosecco & Baguette (Header/Alternative Font)

With its modern, handwritten flair Prosecco & Baguette adds playfulness and individuality. It conveys the handmade, heartfelt nature of SBG Co.'s products, reinforcing the brand's emphasis on craftsmanship, creativity and personal storytelling.

Poppins (Body Font)

Poppins is clean, geometric and highly legible, making it ideal for body text across both digital and print applications. Its clarity ensures accessibility for all audiences, supporting the brand's multi-generational and inclusive appeal.

Birdie (Buttons/Contrasting Font)

Birdie is bold, warm and approachable, making it highly effective for buttons, calls-to-action and supportive typographic elements. It stands out without overpowering, guiding customers with a sense of confidence and friendliness.

LOGO STYLES

Overview:

We have created a range of logo styles, which feel cohesive and familial. Some include the brand tagline and brand illustrations to add additional texture and interest.

Main Logo:

The primary logos for SBG Co (top row) are made up of typography that is modern and bold. The primary logo should be used most frequently. Exceptions include when less space is available, a different orientation is desired or a departure from the primary logo helps make a unique branded impression. When possible, the primary logo should be displayed in the centre in order to keep a well balanced composition.

Secondary Logos:

The Secondary Logos (2nd, 3rd and 4th rows) work as alternatives to your Primary Logo, so that your brand can be flexible across different platforms.

BRAND MARKS

Overview:

We have created a number of brand marks.

Submark Logos

The brand marks are alternatives to your logo where a simpler form is required or where space is minimal.

SOCIAL LOGOS

Overview:

These are your Social Media Logos.

Usage:

Your Social Media Logos can be used as your profile pictures on Instagram, etc. They are compact version of your logo utilising the brand name and the extended brand name.

ILLUSTRATIONS

Overview:

The brand illustrations capture the heart of SBG Co., blending faith-inspired icons with home and apparel motifs that reflect the brand's lifestyle focus. A modern, hand-drawn line style brings both boldness and warmth, while the palette balances energising accents with soft, grounding tones. Together, these elements create illustrations that feel human, personal and approachable; a visual expression of community and care.

Each symbol carries intention: flowers represent growth, the megaphone and location flag highlight SBG Co.'s community roots, while the dove and prayer hands offer a subtle nod to the brand's faith-based roots. The gallery wall, door and shopper bag anchor the retail story.

Collectively, the illustrations communicate that SBG Co. is more than a retail brand. They reinforce its purpose: to build connection, support and a sense of belonging; an online family as much as a marketplace.

Usage

Illustrations can be used in-conjunction with logos and brand taglines to create a cohesive look and feel across all branding assets.

Be sure to give the illustrations breathing room when combined with other elements, and it is also recommended to not use repeating illustrative elements if they're already being used with the logo.

PATTERNS

Overview:

These abstract, organic patterns were created to mirror the layered, multifaceted brand that is SBG Co. The organic shapes, subtle pinstripes and tile-inspired pattern reflect the interplay between home, community and faith. Their gentle movements evoke warmth, sincerity and playfulness.

Supplied as 2000x2000px and 2000x6000px

THANK YOU

If you have any questions about your assets and how to use them, please feel free to get in touch and we can chat through together.

I always keep a back up of all my client projects, so if you do happen to lose any of your assets, or delete your Google Drive folder by accident, please let me know and I can get a fresh set out to you!

Now go forth and use your branding to it's full potential!
